Appendix 1 Junior School and Nursery Accessibility Plan April 2024 – March 2027	12
Appendix 2 Senior School Accessibility Plan April 2024 – March 2027	19

<b>Authorised by</b>	Deputy Head (Pastoral) <b>Delegated to:</b> Senior Teacher (Wellbeing, Inclusion and Safeguarding)
<b>Date</b>	June 2024

<b>Date of next review</b>	June 2025 or earlier as required
<b>Circulation</b>	Published on the School's website and available from the Junior School and Senior School Offices on request
<b>Status</b>	Complies with the <i>Education (Independent School Standards) Regulations 2014 (SI 2014/3283)</i> , the <i>Equality Act 2010</i> and the <i>Special Educational Needs and Disabilities Act 2001</i>

## 1 Introduction

- 1.1 This policy relates to all children at Churcher's College and all sections of the school including the Nursery, the Junior School and the Senior School and has due regard for the specific requirements for the Early Years Foundation Stage (EYFS). Throughout this policy document, the terms 'the School' and 'Churcher's College' refer to all sections of Churcher's College, unless otherwise specified.
- 1.2 Churcher's College is strongly committed to providing the highest quality of teaching and learning and support to all pupils in the pursuit of academic and personal excellence. We have high expectations of all of our pupils and we strive, wherever possible, to ensure that each and every pupil can take part in the whole school curriculum.
- 1.2 This policy can be made available in large print or other accessible format if required.

## 2 Aims

- 2.1 Churcher's College is committed to providing an inclusive environment for all pupils and staff. Over a three-year period (April 2024 - March 2027), the School aims, within the constraints of resources available, to ensure that no pupil or member of staff is less favourably treated in the School's procedures and practices in respect of:
- 2.1.1 Admissions, recruitment, performance management, promotion, staff development, teaching environment and access to the premises.
- 2.1.2 The School aims, within the constraints of resources, to enable each pupil to fulfil their potential, within an educational programme that has development of the whole person at its core.
- 2.1.3 The School aims to fulfil the requirements of the legislation to make 'reasonable adjustments'.
- 2.1.4 If a pupil has a disability, the School will consider the best adjustments that can be made to accommodate that pupil's needs, and to ensure that the pupil has appropriate access to the School and curriculum.
- 2.2 There are no generic answers as to what is a reasonable adjustment. The reasonable adjustment duty is always child specific and context specific. In determining whether an adjustment is reasonable, the School will take into account the following:
- Whether the adjustment will remove the substantial disadvantage;
  - The cost of the proposed adjustment;
  - The resources available internally or from external providers (such as the health and education services);
  - The practicability of making the adjustment;
  - The need to maintain academic, musical, sporting and other standards;
  - Health and safety requirements;

- The interests of other pupils including those who may be admitted to the School; and
- The School's charging structure generally.

### **3 Definitions**

#### **3.1 Disability**

The Equality Act 2010 ("the Act") retains the previous definition of disability: a person has a disability if he/she has "a physical or mental impairment" which has a "substantial and long term adverse effect" on his/her ability to carry out "normal day to day activities". This applies to members of staff and pupils.

3.1.1 Long-term is defined as lasting, or likely to last, for at least 12 months.

3.1.2 In accordance with the definition of 'special educational needs' in the Children and Families Act 2014, disability can also include pupils with a significantly greater difficulty in learning than the majority of children of their age, or a disability which means that a pupil cannot make full use of the general educational facilities provided for pupils of their age.

3.1.3 Conditions such as ADHD, dyslexia and ASD have potential to fall within the definition of disability when they have a 'substantial and long-term effect on [a person's] ability to carry out normal day-to-day activities'.

3.1.4 Pupils develop at different rates and those pupils who may need a little 'boost' or a little extra support for a short period of time are unlikely to fall within the definition of having a disability.

3.1.5 The legal definition of 'disability' expressly excludes certain conditions: a tendency to set fire, steal, physical or sexual abuse of other persons, exhibitionism and voyeurism. Tattoos, piercings and addictions to alcohol, nicotine and other substances are also expressly excluded from the protection of the Act.

#### **3.2 Unlawful Discrimination**

3.2.1 It is unlawful to treat a person with a disability less favourably for a reason related to their disability than a person who does not have a disability, without justification.

3.2.2 It will also be unlawful to fail to make 'reasonable adjustments' to admission and curriculum arrangements, and in relation to education and associated services to ensure that pupils with a disability are not substantially disadvantaged in comparison with pupils who do not have a disability, without justification.

#### **3.3 Less Favourable Treatment**

For 'less favourable treatment' to lead to unlawful discrimination, it must:

3.3.1 be for a reason related to the person's disability;

3.3.2 be less favourable treatment than the treatment given to a non-disabled person; and

3.3.3 not be justified.

#### 4 **Actions**

4.1 Pursuant to the provisions of the Act, the School is required to make:

4.1.1 Improvements in access to the curriculum for pupils with disabilities (including those with learning difficulties);

4.1.2 Physical improvements to increase access to education and associated services (e.g. extra-curricular activities, educational visits and school trips); and

4.1.3 Improvements in the provision of information in a range of formats for pupils who have a disability.

4.2 There is an additional requirement for schools to explore whether or not students with behaviour issues may or may not have an underlying disability leading to this. For example, the following may be underlying reasons for poor behaviour:

- mental illness, mental health problems, learning difficulties, diabetes, epilepsy.
- behaviour difficulties arising from social or domestic circumstances are not covered by the Act. Other School policies cover these areas.

4.3 The School will take into account all these requirements when considering the inclusion of pupils with disabilities in the School's curriculum.

4.4 The following actions will be implemented:

##### **Staff:**

4.4.1 identifying and liaising with staff who have a disability;

4.4.2 identifying where adjustments can be made, and reporting to the governing body those that cannot be made within the allocated resources; and

4.4.3 implementing and maintaining procedures that identify and eliminate areas of possible 'less favourable treatment' for staff with disabilities.

##### **Pupils:**

4.4.4 identifying pupils who have disabilities;

4.4.5 ensuring that non-discriminatory practices are developed;

4.4.6 identifying where 'reasonable adjustments' can be made;

4.4.7 training all staff in their responsibilities towards pupils with disabilities;

4.4.8 delegating responsibilities and tasks to other staff as appropriate; and

4.4.9 liaison with parents and any agencies as necessary

#### 4.5 Premises

- 4.5.1 The School recognises that pursuant to the provisions of the Equality Act 2010 it is not required to remove or alter physical features to meet its reasonable adjustments duties.
- 4.5.2 However, to meet its obligations, the School will ensure that the needs of staff and pupils with disabilities are fully considered in any strategic planning for the development of the School campus.
- 4.5.3 When determining the refurbishment, redevelopment of new build projects, the School will take into account the need to make the School campus more accessible for staff and pupils with disability.
- 4.5.4 The School will budget annually for reasonable minor adjustments to the environment to enable a member of staff and/or a pupil with a disability to have access to the full teaching and learning of the School.
- 4.5.5 The School will bear in mind health and safety requirements and the interests of other pupils in all the above considerations

#### 4.6 Auxiliary Aids

- 4.6.1. The School recognises that through the provisions of the Equality Act 2010 it is now required, where deemed reasonable, to provide auxiliary aids and services 'where a disabled person would, but for the provision of an auxiliary aid, be put at a substantial disadvantage in relation to a relevant matter in comparison with persons who are not disabled'.
- 4.6.2. The decision as to whether the School can reasonably provide auxiliary aids and services is a specific judgement in relation to each pupil with a disability, which should be exercised on a case-by-case basis.
- 4.6.3. Anything which helps, aids or renders assistance for pupils who have a disability is likely to be an auxiliary aid or service. For example:
- Provision of larger computer monitors, large print or information on audio tapes for those with a sight impairment;
  - Teaching assistants to assist pupils with a disability that results in a mobility impairment;
  - Induction loops and/or training a member of staff in British Sign Language so they are able to communicate with pupils with a hearing impairment; or
  - Portable ramps or handrails for those with a physical impairment.

#### 5 Justification

- 5.1 Less favourable treatment can be justified if the reasons are material to the circumstances and substantial.

- 5.2 In addition, for pupils, non-admission to a school can be justified if it is as a result of a 'permitted form of selection'. Selective schools can continue to select so long as the criteria are not such as to only exclude pupils with disabilities. All non-selective schools when they have reached their admission limit can admit pupils according to criteria, which must not, amongst other things, discriminate on the grounds of disability. Schools with a religious designation may select by religion and single sex schools by gender.

## 6 **Entry Requirements**

- 6.1 All pupils (from Year 2 upwards) are required to meet the academic entry requirements of the school. The school must feel confident that a prospective pupil will benefit from the education offered in line with the general standards achieved by the pupil's peers so that there is a good chance that he/she will have a complete, happy and successful school career. These criteria must continue to be met throughout the pupil's time at the school. The school's policy is to apply these criteria to all pupils, and potential pupils, regardless of any disability of which it is aware, subject to its obligation to make reasonable adjustments so as not to put any pupil who has a disability at a substantial disadvantage compared with their peers without disabilities. The objective is to ensure that, subject to meeting the entry requirements and practicalities, the school is open to all regardless of disability.

## 7 **Admissions**

- 7.1 The school asks all parents to complete a Registration Form in respect of a prospective pupil. All prospective Senior School pupils complete a questionnaire. In addition, once their child has been offered a place at the school, all parents complete the school's Medical Form. Collectively these documents provide details of the nature and effect of any (potential) disability, medical condition or special educational needs and requests that subsequent disclosures will be made, if required. Subject to this, the school will be sensitive to any requests for confidentiality. The purpose of obtaining this information is to allow the school to consider any adjustments it might need to make.
- 7.2 Parents of a child with a disability, or a potential disability, are required to provide full disclosure of any medical, Educational Psychologist or other reports regarding their child's disability, medical condition or special educational needs. In assessing any pupil or prospective pupil the school may take such advice and require such assessments as it regards as appropriate. Failure by parents to make the necessary disclosure of information may prevent the school from making adequate provision of support.
- 7.3 The school recognises the potential enhancement to school life and education provided by inclusive policies, however equal importance will be attached to ensuring that no pupil's education is impaired by this approach. The school's pastoral care system provides strong support for all pupils. Where pupils need particular treatment or medication the Medical Room in the Senior School, run by a team of qualified Nurses (supported by the School Doctor), provides necessary assistance. The school also has a strong Curriculum Support Department (the Learning Enrichment Department in the Junior School) to assist pupils with learning difficulties. Lastly, the school also has a full time Counsellor should their professional help be deemed appropriate.

- 7.4 The school will meet with parents of prospective pupils with disabilities to discuss on an informal basis whether the school can cater for their child's needs.
- 7.5 From the beginning of the application process to the school, parents will be given clear information regarding charges for additional support or assistance, reflecting what the Governors have decided is reasonable.
- 8 Increasing the extent to which disabled pupils (including those with learning difficulties) can participate in the school's curriculum**
- 8.1 The Head of Learning Enrichment (Junior School and Nursery) and Head of Curriculum Support (Senior School) are primarily focused on assisting pupils with mild specific learning needs such as dyslexia. The Learning Enrichment and Curriculum Support Departments have finite resources and cannot meet the needs of all disabilities.
- 8.2 The requirements of any pupil with additional needs admitted to the school will be discussed with appropriate staff and, where reasonable, a programme of special provision will be made.
- 8.3 There is some scope to consider the needs of an individual pupil when the timetable is being created.
- 8.4 Pupils may be excused from some academic lessons in order to attend individual curriculum support lessons. The School reserves the right to charge for individual curriculum support lessons but no charge will be made if the lessons are provided in accordance with the School's duty to make reasonable adjustments. This will be considered on a case by case basis.
- 8.5 Staff will be made aware of pupils with a disability or special educational need by the Head of Learning Enrichment/Head of Curriculum Support, the School Nurse(s), a member of the Senior Management Team, the Head of the Junior School, the Head of House/Head of Sixth Form or the Senior Teacher (Wellbeing, Inclusion and Safeguarding).
- 8.6 In the Junior School, pupils with an assessment by an outside agency (eg by an educational psychologist) will have clearly defined support strategies or teaching advice by the Head of Learning Enrichment. This information will be shared with staff and used to guide and inform class teaching and school support. Junior School pupils having individual lessons to support their individual needs will have an Individual Learning Plan (ILP) devised by their Learning Enrichment teacher. This information will be reviewed regularly and shared with parents and class teachers.
- 8.7 In the Senior School, there is clear guidance on facilitating children with additional needs to access learning, and this is shared with academic and pastoral staff.
- 8.8 In the 1<sup>st</sup> year of the Senior School, the School runs baseline data assessments and literacy screeners to identify potential learning differences. In Year 3 at the Junior School, screening for dyslexia is provided free of charge to all pupils in the year group.
- 8.9 In the Senior School, detailed dyslexia diagnosis can be arranged and is invoiced to parents by the assessor; curriculum support can assist with guidance and signposting to other professionals that a pupil may benefit from seeing in relation to their learning needs. In the Junior School, assessments by professionals such as educational or clinical psychologists,

speech and language therapists and occupational therapists can be arranged to take place on the school site at the parents' expense.

- 8.10 Staff will need to adapt their teaching to the learning patterns of all pupils according to their abilities and needs, and necessary differentiation should be reflected in classroom practice and teaching resources.
- 8.11 Through Whole School, Faculty and Departmental INSET, staff will be made aware of strategies to make reasonable adjustments within the classroom so as not to place pupils who have a disability at a substantial disadvantage in accessing the curriculum.
- 8.12 The implementation of reasonable adjustments to classroom management should not prejudice the progress of other pupils, nor their health & safety.
- 8.13 The Senior School will make special arrangements for the sitting of public examinations in accordance with the school and examination board access arrangement protocols managed by the Head of Curriculum Support and, when required, the receipt of a written assessment by a recognised, qualified practitioner. It is also possible that pupils who encounter physical or emotional disability in the period up to the exams may be, with consultation, awarded special arrangements. This process is overseen by the Academic Registrar (Examinations Officer), in liaison with the Head of Curriculum Support and in accordance with JCQ regulations.
- 8.14 Assessment for exam access arrangements based on cognitive challenges is charged for.

## **9 Improving the physical environment of the school in order to increase the extent to which disabled pupils are able to take advantage of education and associated services offered by the School**

- 9.1 Churcher's College is a charity and does not have financial endowments. All improvements to the school have to be funded by fee income and consequently there are budgetary constraints on development and adaptations. If outside funding can be made available in advance, it may be possible for the school to advance its programme of access improvements or to purchase additional specialist equipment or support for individual pupils.
- 9.2 Parents should be made aware that the Senior School site is large and that the majority of the school buildings are arranged over several floors. These factors present access challenges and pupils with impaired mobility may be somewhat disadvantaged. However, the school will make any reasonable adjustments, on a case by case basis, to ensure that pupils who have a disability may still participate as fully as possible in all aspects of school life.
- 9.3 The school will seek to address these issues over time as part of our buildings development and refurbishment programme within the School's Strategic Development Plan, but some improvements cannot be achieved by reasonable adjustments short of major alterations at prohibitive cost. The building development programme (including refurbishment) will extend past the period of this plan, and will deliver alterations that improve access.

**10 Improving the delivery to disabled pupils of information which is readily accessible to pupils who are not disabled**

- 10.1 We provide written/electronic information to pupils in ways that are user-friendly and fully support the pupils in their learning experience.
- 10.2 In disseminating information we will take into account disabilities, be they pupils' or parents'.
- 10.3 We recognise that communication with a parent who is visually impaired may need to be by telephone, or another medium, rather than letter/email.
- 10.4 The school will seek to make reasonable adjustments so that information can be made available to pupils in an alternative format within a reasonable period of time should the school receive a request for such help. This might involve an alternative format such as Braille or audio tape or large print or orally or through sign language.
- 10.5 Signage in the school will be reviewed on a regular basis to ensure that all signs are clear and understandable for the visually impaired. Replacement signage will take into account appropriate colour schemes, size of font etc.

**11 Awareness**

- 11.1 Appropriate staff INSET will be provided to enhance understanding of disability, the need for making reasonable adjustments in compliance with our legal duties and to improve our educational provision.

**12 Monitoring and review**

- 12.1 The Deputy Head (Pastoral) and the Bursar, in conjunction with the Senior Teacher (Wellbeing, Inclusion and Safeguarding) will keep the Senior School accessibility plan under review during the period to which it relates and, if necessary, revise it.
- 12.2 The Head of the Junior School and the Bursar will keep the Junior School and Nursery accessibility plan under review during the period to which it relates and, if necessary, revise it.

## CHURCHER'S COLLEGE JUNIOR SCHOOL ACCESSIBILITY PLAN

April 2024 – March 2027

Area	Current Accessibility (April 2024)	Proposed Improvement (by March 2027)	Lead	Target Timeframe	Completed
Increasing the extent to which disabled pupils can participate in the school's curriculum					
Open Days/ Admissions	<ul style="list-style-type: none"> <li>• One-to-one tours and/or support if required</li> <li>• Collection of data re the nature and effect of any (potential) disability, medical condition or special educational needs</li> <li>• School meets with parents of prospective pupils with disabilities to discuss needs</li> <li>• Parents given clear information regarding charges for additional support or assistance</li> </ul>				
Entrance exams	<ul style="list-style-type: none"> <li>• Apply for and process access arrangements for the Senior School Entrance Exams for candidates that require them.</li> <li>• Exam access arrangements for the Junior School Entrance Exam will be decided on a case by case basis.</li> </ul>				
Learning Enrichment	<ul style="list-style-type: none"> <li>• One-to-one support lessons</li> <li>• Link support teacher in some classes at teacher request</li> <li>• Transition meeting with Senior School for Y6 pupils</li> <li>• Dyslexia Screening for Year 3 pupils and any new joiners to Year 3 and above</li> <li>• Group touch typing lessons</li> <li>• Phonics support groups</li> <li>• Learning Enrichment department moved to new office in the heart of the school</li> </ul>				

	<ul style="list-style-type: none"> <li>• Disclosure information in Admissions documentation</li> <li>• List of pupils with additional learning needs which is regularly updated and stored in the staff drive accessible to all staff.</li> <li>• Clearly defined 'strategies' for teaching and school support for pupils identified with additional needs</li> <li>• Educational professionals (EP,SALT, OT) visits to school for assessment and therapy sessions.</li> <li>• Individual screening for pupils where academic concerns have been raised by teaching staff</li> <li>• Purchase of up to date standardised assessments</li> <li>• Links with SENCOs in local independent schools</li> </ul>				
INSET	<ul style="list-style-type: none"> <li>• Regular discussion of pupils' needs and support strategies in Staff Briefings, Staff Meetings</li> <li>• MHFA training for staff</li> </ul>	<ul style="list-style-type: none"> <li>• Focus on early identification of pupils with SEN</li> </ul>	ES	March 2024	On going
Sports	<ul style="list-style-type: none"> <li>• Individual risk assessments</li> <li>• Tailored/modified curriculum for those pupils with disabilities</li> <li>• PE/Games staff made aware of pupils' particular needs – liaison with Class Teachers</li> <li>• Awareness of and, if deemed necessary, installation of equipment that may assist a pupil's participation in suitable sports</li> </ul>	<ul style="list-style-type: none"> <li>• Ongoing curriculum review to increase the school's gender diverse approach to school sports</li> </ul>	MF	March 2024	On going

	<ul style="list-style-type: none"> <li>Finding alternative roles for those pupils with limited access to mainstream sports (for example, official, coach, choreographer etc.)</li> </ul>				
Curriculum	<ul style="list-style-type: none"> <li>Timetabling of rooms is child-specific if required</li> <li>Link teaching support</li> <li>Some scope to offer group support to pupils free of charge – for example, English and Mathematics</li> <li>Staff adapt teaching to the learning patterns of all pupils according to their abilities and needs – differentiation reflected in teaching and resources</li> <li>Activities modified as necessary to accommodate individuals' needs as appropriate (D&amp;T, PE/Games, Science etc.)</li> <li>Mindfulness in the curriculum to support pupils' emotional and mental health wellbeing for Y3-6</li> <li>Resilience training in the curriculum (Sept 2023)</li> <li>Use of Chromebooks in lessons for pupils with handwriting difficulties or slow writing speed</li> <li>Reader Pen in LE dept can be used by pupils in lessons on request</li> </ul>	<ul style="list-style-type: none"> <li>Resilience programme to be reviewed</li> </ul>	FR	Sept 2024	
Parents' Evenings	<ul style="list-style-type: none"> <li>Reasonable adjustments made in response to specific parental needs</li> </ul>				
Uniform	<ul style="list-style-type: none"> <li>Adaptations made to whole school uniform to meet needs of all pupils</li> <li>New uniform (non gender defined) for all pupils to be phased in</li> </ul>	<ul style="list-style-type: none"> <li>Pupils/parents/staff to discuss and develop the school uniform to meet the needs of all children</li> </ul>	PYP/FFR	Sept 2025	

Classroom Layout	<ul style="list-style-type: none"> <li>• Pupils' individual needs considered when planning the use of facilities, equipment and classroom layout.</li> <li>• Purchase of Move 'n Sit cushions, writing slopes and blocks to support feet when necessary to adapt existing classroom furniture to meet the needs of pupils.</li> <li>• SEN resource boxes provided in each classroom</li> <li>• Fiddle Tools, to aid concentration in the classrooms, available for pupils</li> </ul>				
Pastoral	<ul style="list-style-type: none"> <li>• CHAT "informal" teacher led sessions available</li> <li>• Play therapist available to support children as required in consultation with class teacher and Deputy Head</li> <li>• Counsellor available to children on site one day a week</li> <li>• Pastoral "therapy" pet available to children one day a week</li> <li>• Introduced pastoral "art therapy" support sessions/drop in time to support pupils' emotional needs twice a week</li> <li>• Mindfulness club offered</li> <li>• ELSA available on site in consultation with Deputy Head</li> </ul>	<ul style="list-style-type: none"> <li>• SI to complete ELSA training – to enhance availability</li> <li>• Look at use of school nurse as a pastoral support/resource</li> <li>• Build up ELSA Resources</li> <li>• Review Pastoral tracking</li> <li>• Introduce use of CPOMS for more effective pastoral notes and tracking</li> <li>• Open Art room drop in for more days of the week</li> </ul>	PYP	July 2024	
<b>Improving the delivery to disabled pupils of information which is readily accessible to pupils who are not disabled</b>					
Hearing	<ul style="list-style-type: none"> <li>• Liaison with specialist services e.g. Hampshire Specialist Teacher Advisory Service re individual pupils</li> <li>• Carefully consider seating arrangements in response to pupil's needs.</li> </ul>				

	<ul style="list-style-type: none"> <li>Alert parents if we have concerns about a pupil's hearing, and request that the pupil is seen by his/her GP. Follow-up the results with parents and make reasonable adjustments as necessary</li> </ul>				
Sight	<ul style="list-style-type: none"> <li>Alert parents if we have concerns about a pupil's vision, and request that the pupil is retested by his/her optician. Follow-up the results with parents and make reasonable adjustments as necessary</li> <li>Seek advice from specialist services e.g. Hampshire Specialist Teacher Advisory Service re individual pupils.</li> <li>Visual aids available to pupils to access learning (e.g. magnifier) as required.</li> <li>Carefully consider seating arrangements in response to pupil's needs.</li> <li>Coloured reading overlays to support visual stress can be provided according to need. Interactive whiteboard background colour can be changed according to need.</li> </ul>				
Motor Skills	<ul style="list-style-type: none"> <li>Private Occupational Therapist working on the school site providing assessment and therapy sessions for pupils with specific needs (at parents' expense).</li> <li>Touch typing club established to support pupils with handwriting difficulties</li> <li>Provision of a disabled parking space for pupils or siblings with a disability</li> </ul>				
Improving the physical environment of the school in order to increase the extent to which disabled pupils are able to take advantage of education and associated services offered by the school					
Junior School	<ul style="list-style-type: none"> <li>Ground floor accessible</li> <li>Three accessible toilets on ground floor</li> </ul>	<ul style="list-style-type: none"> <li>Play equipment to meet the needs of all pupils</li> </ul>	FFR/DG	Sept 2025	

	<ul style="list-style-type: none"><li>• Lift to first floor</li><li>• The last two extension projects of the Middle School and the Nursery have enhanced the site access arrangements. These aspects and the accessibility audit are illustrated in the attached schedule.</li></ul>
